K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

CHAPTER 2: OVERVIEW OF THE COMMUNITY

About the Community/Village/Habitation including historical profile of the community/habitation.

As human being we want to live in a clean and hygiene environment. In fact if is how we asscended in our journey to become civilized Every time we wach our hand before meal or Covn our mouth when coughing we act as responsible humans phi have respect for other people posnal lygiene.

Sedly enough many among us dont share this awarness A Cot of them need to be reminded of the importance of cleanliness poverty and economic inequality peventage of humanity ever in 2018. A sizable peventage of human population mainly in developing nation still lives in object pounty. Cleanliness is nothing but a luxury for these hapless people

CHAPTER - 3

REPORT OF THE PROJECT

WORK DONE

Scanned with OKEN Scanner

K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

CHAPTER 3 :

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages).

1. Introduction

Health Defination

Health is defined as a state of complete physical mental and social being and not merety a absence of diseas of infirmity. physicial health and mental are intrsed related ASan mind in a sound body an old and appropiate saying for health.

A health human being has generally the following features.

- A clear skin
- Bright clear eyes
- A body nelguth too fat nor too him
- Fresh breath
- Good appertite
- Sound sleep

Scanned with OKEN Scanner

Hygiene Definition

Hygiene refers to Condifions and Partices that helps to maintain health and prevent the spread of diseases medical hygience that fore includes a specitic set of Pratices ass ociated with this presevation of health.

PUBLIC HYGIENE

sewage and chemical water should not be rclosed in to the water bodies b ~~sss~~ sewage should be chemically

Immunization

Immunization and vaceination can prevcet infacts diseases.

Presonal hygiene

Take care of the skin keep your hands and mairs cleans wash your hair regulary. brush your teeth and gows attn every meat wash you eye daily with top water nece must be cleaned at

Scanned with OKEN Scanner

daily with tap waster noe must be cleaned at regular intuals never clean an eat with a starp object do physical exercise to keap the body musetes active take proper test slep for 6-8hr daily on should develop healthy habits.

Good Environment

- Maintain a good environment to prevent the spreading of disease due to the breading of mosquites house flies and to micro organisms.
- Garbages should be kept in coroved bins so that flies do not breed on them.
- Do not allow watey to stagnate out side your house and in your neighabor hood all should also be covered This with avoid creeing to mosquites.

Importance

- It improves personality
- It makes people admire at you
- Makes the environment Cleaqu
- It helps to improve hygiene in you
- It enhanes self discipline.
- you are the winner in the competitive work

2. OBjectives

- Define environment health
- List the various types of ecosystem
- Describe how trees effects the urban environment
- Describe the relation ship of the envo environment to human health
- Explain how the agreiculture provide goods and services

Objectives of HYGIENE

Good Personal hygiene inveles keeping healthy all parts. of the extent body clean and health It is important for maintaning both physical

and mental health In people with poor prsonal and hygiuce health In people provides with poor personal hygiene the body personal hygiene the body provides an ideal envivonment for germs to grow living it vultrable to infection.

- To know hoco food preparation aveas are kept frue - bacteria
- Good personal hygiene
- Wearing protective cotting
- using detrgents to wash up
- Sterisation using high temperatures for gammer rays.
- correct disposal of waste

3. PRINCIPALS

It states that each point of the wale font is the source of the secondary wave lenght with spread out in all direction with the speed of wave so if we consider a point source, if will emit its wave font and nature of the wave front will be spherical one

Scanned with OKEN Scanner

As pr the hygine principle all the points on the wave front are going to became a secondary source so the wave front will in the forward direction. All the secondary sources emit wavelets tougent drawn to all the lonvalets is the new position of the wavelets is the new position of the from wava form

This means that suppove you are standing on the mountain and through a stone in wath from a height what do you obsive? you see that stone in wath strikes are seen surrounding that stone in wath strikes are seen surrounding that point Every point on the suttace of wath starts oscillating.

These vipples are nothing but the wave trout the wave fronts gradully spered in all divection so at every point. we have wave coming.

Scanned with OKEN Scanner

CHAPTER 4 : RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

METHODOLOGY

The health and hygine and demographical - stats is very important for assessing the characteristics of village tword (Panchayithi The deveping the country based on health facilites sorvey Conducted at Dharmavaram families. In the village and Calcuted Percentage their respective opion of providing facilities of govt. The following idea and project to know about states of health and hygiene 1st To study health and hygiene analysis by govt 2nd To study stats of requirement prodecd by in the project using simple random sanplying recknive to collect the collect the information about dharmavaram health ~~SSS~~ Sri Sathya Sai (DIST) we digsign question. ba on provide by govt of AP A collect sample 90 house hold. on Panchayit. dharmavam Sri Sathya Sai (DIST)

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b) 18-24 c) 25-40 d) 40+

5. How likely are you to recommend your preferred electronic payment method to someone else?

a) Very likely b) Somewhat c) Neutral d) Very unlikely

6. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

7. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

8. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

Scanned with OKEN Scanner

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

CHAPTER 1:

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages)

E-Payments Systems.

E-payments allows users to make payments. Online also remove at any time from any where in the world and also remove the need to go banks fastens electronic payments like vitual roles. empowers business to improve security. visibility and efficiency all while lowering cast and solving time an causual process.

An e-payments accounts is a way to send and revieve money online without needing young credit or debit card details more people now use e-payments companies because they can make it easies to transfer money and make it easier to transfer money and make purchases they e-payments are safe to easy ones life.

Major Problems raised by E-payments.

* Technical integration online are affected by technical disturbance.

* Risks involved in E-payments confidicts stolen was passwords. credentions and other personal information.

* If the app is not updated them the Security requirements at the app may not matter with banks that may cause a technical errors.

* Discounted and for processes and transactions.

* multi-currency transactions.

* limitations at amounts at transactions.

Scanned with OKEN Scanner

- A solvable yet common issue low. internment and width is usually responsible for failded online payments.
- Recuring billings is also a major Problems of the e-payment.
- They may also occur Problems when using the e-payments systems.

Security convicerns technological illiteraces. There are the major must of the problems.

Advantages of E-payments:

* It Sources times by using E-payments Systems.
* Reduces The days sales out standings.
* It is more efficients.
* It will reduce the cash and the cheques
* more secure and reliable.
* low risk to theift.
* there are some advantages of e-payments

Dis-advantages of E-payments:-

* Due to e-payments technical problems will occure.
* It cause cast password threats.
* It cause cast at theft frauds.
* Security concerns technological illiterates.
* Limitations on amount and time.
* It also cause disputed transactions.

These are The Some - dis advantages of E-payments.

Scanned with OKEN Scanner

Ways to improve E-Payments Systems.

1. Simplify finacicial concepts with explanations videos.
2. Provide the wider range of payments methods possible.
3. Don't require Site visitors. to create on account.
4. Set up requiring billings.
5. create a sure Secure Ondine payments.
7. Reduce the Process held in e-payments.
8. use payments links.
9. Create a faster user experiences.
10. Keep payments informationas as Secure as possible.
11. Avoid rederect during Process
12. Keep your information request minuals. Doing all there abouve we can find an improvement.

Conclusion:-

I have concluded that e-payments systems of for a highest level of convinence for managing Onies fanacials. How even it continue fo present challenges of financial Security and personal privacy. Since digital banking ment System is one of the major Serviece offerd by banks it is or also highig secure ultimately provides. you security from online frauds and account banking but the major issue is that the technical issue accured by field transaction takes at least 3-5 day rather them the E-payments Save time to improving Same methods it will be more easey to manage.

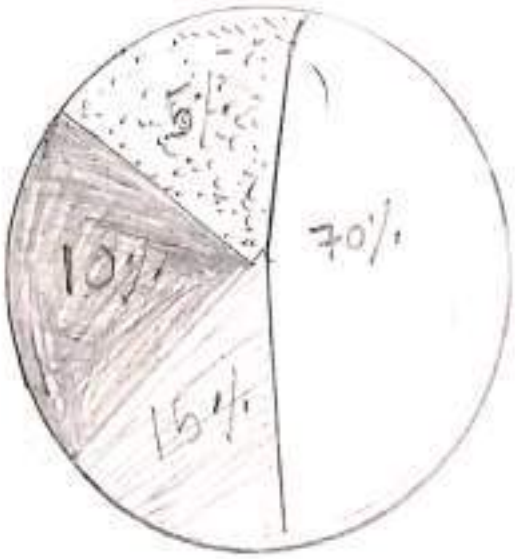
In conclusion e-payments have transformed our financial transaction Affering and Speed.

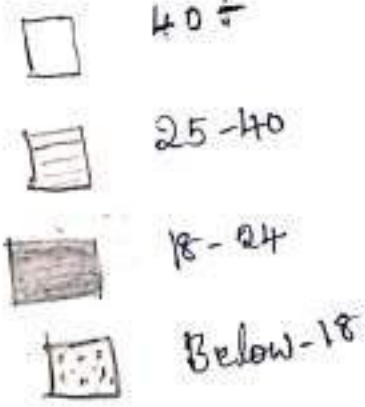
Scanned with OKEN Scanner

Analyzation of E-payments Systems :-

By the survey of this community Service project I observed that most be them are interested to use e-payments system its saves our time in day to day lifes.

Pie chart Showing Usage of e-payments Respective to ages :-





CHAPTER 4 : RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

conclusion:-

I have concluded that e-payments Systems of for a highest level of Convinemce for Managing Onies financials. How ever it continue to present challenges. of financial Security and personal privacy. Since Digital banking but the major issue is that The technical issue occured by field transaction Take of least 3-5 days rather than the E-Payments Save time to improving Same methods it will be more easy to manage.

In conclusion e-payments have Transformed our finacial transaction offering and Speed.

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: to collect data about child marriages

Detailed Report: In this first week our mentor made a team with 4 members to do community service project in our village. chigicherla village which is under sri satya sai (Dist), Andra pradesh we selected topic "child marriages".

my first topic in the child marriages is our first question is what is your opinion on child marriages and why is it happening that women answering my question. answer is child marriage is very wrong to many girls at a young age. It is also a crime. I condemn child marriage of the girls get married at the age of reading which will be the life of the girls then they will have to become house wifes and take the responsibilities of the house. so child marriage is very wrong. save the small children and girls for their bright future every house.

REPORT OF THE PROJECT WORK DONE

Scanned with OKEN Scanner

CHAPTER 3 :

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages).

village :-> chigicherla

project name :-> child marriges

Gol chigicherla village is a small village under Dharmavaram municipal corporation, Sri Satya Sai (Dist) Andhra pradesh

-> total number of houses = 20

-> number of house status (living) = 18

-> total village population = 1500

-> total male population = 700

-> total female populatio = 600

-> Total number of literates

whole village had cement roads and street lights 7 temples i.e. Shiva temple, krishna temple and Anjaneya Swami, full granary lands and Maremma Swami Abbetkag. S.C. colony round and village.

⇒ Activities Done :-

1. Servey conducted in village
2. conducted community Awareness campaign
3. project Implemented in village
4. created project report

⇒ values learnt

1. cooperation
2. Compassion
3. Gratitude
4. Morality
5. Respect
6. kindness
7. courages
8. Sympathy

⇒ life skills learnt :-

1. communications
2. Decision making
3. critical thinking
4. problem soloing
5. social skills
6. leadership
7. Time mangement
8. speech

⇒ Technical skills learnt :-

1. Data Analysis
2. Writing
3. project management
4. team work
5. research

WEEKLY REPORT

WEEK - 4 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

E- Payment are electronic Payment enter the transfer of funds through electronic or digital medium you can choose from different e-payment methods like.

i) mobile wallets
ii) Bank cards
iii) mobile banking
iv) Phone Pay
v) Google Pay etc.

But the major problem is only that it takes place among 3-5 days for refund the amount when the transaction being failed as the name implies - e-payments includes all financial operation carried out with the help of electronic divice such as computer smart payments are safe.

a) Definitely b) Probably c) Not sure d) Definitely not

Scanned with OKEN Scanner

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced c) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

O) Very likely b)Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

Scanned with OKEN Scanner

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Éloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Compiex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

REPORT OF THE PROJECT

WORK DONE

Scanned with OKEN Scanner

K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

CHAPTER 3 :

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages).

E- Payments Systems :-

E-Payments allows users to make payments online also remove at any time from any where in the world. and also remove the need to go banks faster electronic payments like UMoney Paytm. empower business to improve security, visibility and efficiency all while lowering cost and saving time an casual process.

An E-Payments account is a way to send and receive money online without needing your credit or debit card details more People now use E-Payments companies because they can make it easier to transfer money and make purchases these e-payments are safe to every ones life.

Scanned with OKEN Scanner

MAJOR PROBLEMS RAISED BY E-PAYMENT

* Technical integration online are affected by technical disturbances.
* Risks involved in e-payments confides stolen user passwords, credentials and other personal information.
* If the app is not updated then the security requirements of the app may not matter with banks that may cause a technical errors.
* Discounted and for processes and transactions.
* multi-currency transactions
* Limitations of amounts at transactions.

- A Sonabe yet common issue Low responsible for failed online payments.
- Recuring billings is also a major Problem of the E-Payments.
- They may also occur Problems when using the E-Payments systems.
- Security Converns Technological illiterates. These are the major must of the problems.

Scanned with OKEN Scanner

Ways to improve E-Payments systems

1. Simplify financial concepts with explanation videos.
2. Provide the wider range of payments method possible
3. Dont require site visitor to create an account
4. Set up recurring billings.
5. Create a sure secure online payments gate way.
6. Accept crypto currency payments.
7. Reduce the process held in e-payments
8. Use payments links.
9. Create a faster user experience.
10. Keep payment information as secure possible.
11. Avoid redirect during process
12. Keep your information request minimal

By doing all these above we can find an improvement.

CHAPTER 4 : RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Conclusion :

I have concluded that e-payments systems of for a higher level of convinience for managing onies financial. How ever it continue to prevent challenges of financial security and personal privacy. since digital banking system is one of the major service offered by banks it is also a cr highly secure ultimately provides you security from online frauds and account banking but the major issue is that technical issue occured by fixed transaction takes at least 3-5 days rather from the E-payments save time to implying some methods it will be more to manage.

In conclusion e-payments have transformed our financial transaction offering and speed-

ACKNOWLEDGEMENTS

The work presented in this project is all possible by the virtue of the support extend by many people I take this opportunity to extend my gratitude to everyone for theirs support to me.

I would like to express my special thanks to the faculty guidenship of Dr B. Thriveni medam department of English in K.H govt degree college for her able guidence and support in completing my project.

finally I thanks my other faculity members my friends and family members who supported me to complete community service project successfully.

CHAPTER - 1

EXECUTIVE SUMMARY

K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

CHAPTER 1: EXECUTIVE SUMMARY

(The community service report shall have only a one-page of executive summary. It shall include a brief description of the Community service).

Community Service project Includes every students and Service activities and applies the ex.

Community Service project Includes every student in communication development and Service activities and applies the experience to personnal and accadamic development community service overviews the project It is means to link the community with the college for mutual benefits

A community Survey is a data collects It denotes the process of gathering information from numbers of a particular group using an interview or a questionnaire

A good Survey will require only 10 to 15 minutes for people to share their process Survey more diverse opinions into decision making process

CHAPTER- 2

OVER VIEWOF THE

COMMUNITY

K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

CHAPTER 2: OVERVIEW OF THE COMMUNITY

About the Community/Village/Habitation including historical profile of the community/habitation.

I visited the community of city named Dharmavaram I had communicated with the people of that town some of them are interested in respond me and some were not interested to do the proces and so I used the present which is already prepared I had collected the data with people of Sunthi nagar.

while I am surveying this the people their expressed opions about the E-payments which are playing a crucial role in our day to day lives the people feel that the digital payments system or e-payments system are very helpful for their transactions where compared to the past.

ACTIVITY LOG FOR THE FIRST WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Explain about how to use e-payments		
Day - 2	mentoring about transaction in phonepay		B. kodeeda
Day - 3	Clarifying the doubt about e-paying		
Day - 4	Discussing about failed transaction		
Day - 5	Awareness about funds and frauds		
Day - 6	Suggestion on refund		

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: E. payments System

Detailed Report:

While I am surveying this project I visited all economic sections like lower middle class and upper class families after completed this survey I observed that there should be a one person in each family using the payments like phonepay Google pay etc.

In families all the family members including childrens also using their transactions to make easy in ration medical shop etc they feel that the digital payments system are safe because it can be saved each other history transactioned.

That's why they feel like that to be safe of them are felt that India become cash less economy in further standared of living.

ACTIVITY LOG FOR THE SECOND WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Explaining various payment methods		M. Prabhakar
Day - 2	explain about help option in phone pay		B. Abdamma
Day - 3	Discussing about scan features in apps		B. వంశీ
Day - 4	Mentoring about the pinless payments in google pay		K Keshava
Day - 5	guiding the fraud awareness		B. Achari
Day - 6	Explaining about insurance in phonepay		I Bhukya

WEEKLY REPORT

WEEK - 2 (From Dt..... to Dt.....)

Objective of the Activity Done: Awareness of E-payments

Detailed Report:

Methods of about E-payments

E-payments is a convinient and easy mode of payments due to this convinence to make every one life easy because it takes less time to make transactions

I tried to mentor the people who doesn't know about transactions process hard to digital payments system after I explained the process they felt some relief while expressing transaction which they done in banks even for a little belief bet of amount should be waited for hours

I also know some important features e-payments system I tried a lot a put my efforts to mentor them I think i could my all efforts and ideas to aware about and may be got in to about e-payments system

ACTIVITY LOG FOR THE THIRD WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	discuss how to handle e-payments		
Day - 2	Explain about how to Set Strong pass word		S Subha
Day - 3	Explain about how to Secure money		C Anji
Day - 4	Explain about to transfer money to money with phone pay		D Jayadas
Day - 5	Explain about how do doshload invoice		D Mallika
Day -6	Mentoring about phone pay advantages		R Siva

WEEKLY REPORT

WEEK – 3 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

The e- payments are better than offline payments online ways are more preferred considering the ease and convenience. there are only a few ways that allows you to another using offline methods most of the people prefers e- payments now- a-days because it is very quick as well as easy you can transfer funds to makes a big transaction you can still make it with the help of online transactions allows consumers to transfer a big amount of money.

The future of e- payments looks bright with the expected growth in the market cash less payments volumes are expected to increase by more than 80% in further years.

ACTIVITY LOG FOR THE FORTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Discussing about e-payment platforms		
Day - 2	Explaining about disadvantages		
Day - 3			
Day - 4			
Day - 5			
Day -6			

WEEKLY REPORT

WEEK - 4 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

E payments are electronic payments enter the transfer of funds through electronic or digital medium you can choose from different e-payments methods like.

i) mobile wallets
ii) Bank Cards
iii) mobile banking
iv) Phone pay
v) Google pay etc.

But the major problem is only that it looks place among 3-5 days for refund the amount when the transaction being failed as the name implies e-payments includes all financial operation carried out with the help of electronic device such as computers smart phones or tablets that than that e-payments are very safe.

Respondent Details:				Date Of response:	
Name:	T. Chowdamma			Gender:	female
Education:	uneducated			Date Of Birth/ Age:	61
Profession:	house wife			Marital Status	Married
Respondent address:					
D.No:	2-489	Locality:	Santhinagar	Village:	DMM
Mandal:	Dharmavaram	District:	Sri Sathya Sai	Pin code:	

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

O) Very likely b) Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced c) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

Group: B.COM (Computers)		Name of the Mentor:	B. Thriveni

Respondent Details:		Date Of response:	
Name:	M. Prabaladh	Gender:	Male
Education:	Degree Completed	Date Of Birth/ Age:	37
Profession:	Shop keeper	Marital Status	Married

Respondent address:

D.No:	9-485	Locality:	Kanthi nagar	Village:	DMM
Mandal:	DMM	District:	Sri Sathya Sai	Pin code:	515672

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

a) Very likely b)Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

Socio economic survey

Survey on usage of e-Payment

Name Of the Student:	C. Bhanu			Roll Number:	5002
Group:	B.COM (Computers)		Name of the Mentor:	B. Thriveni	
Respondent Details:				Date Of response:	
Name:	C. Anji			Gender:	male
Education:	Degree			Date Of Birth/ Age:	19
Profession:				Marital Status	unmarried
Respondent address:					
D.No:	9-471	Locality:	Santh. nagar	Village:	Dmm
Mandal:	Dmm	District:	Sri Sathya Sai	Pin code:	515679

1. How do you come to know about e-Payment systems?

   a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

   a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

   a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

   a) Under 18 b) 18-24 c) 25-40 d) 40+

5. How likely are you to recommend your preferred electronic payment method to someone else

   a) Very likely b) Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

   a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

   a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

   a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

    a) Definitely b) Probably c) Not sure d) Definitely not

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times b) Few times c) very few d) Never

14. Is it easy to get the Money refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced c) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

CHAPTER - 3

REPORT OF THE PROJECT WORK DONE

K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

CHAPTER 3 :

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages).

E payments Systems

E payments allows users to make payments online also remove at any time from any where in the world and also remove the need to go banks fasten electronic payments like virtual cards empower business to improve security. visibility and efficiency all while lowering costs and saving time an manual process

An e-payments account is a way to send and receive money online without needing your credit or debit card details more people now use e-payments companies because they can make it easier to transfer money and make purchase thus e-payments are safe to everyone's life.

Major problems raised by e-payments

* Technical Integration online are affected by technical disturbance
* Risks involved in e-payments conflicts stolen use passwords, credentials and other personal informations
* If the app is not updated then the security requirements of the app may not matter with banks that may cause a technical error
* Discounted and for processes and transactions
* Multi-currency transactions
* Limitations of amount transactions

* A Solvable yet common issue low internet and width is usually responsible for failed online payments

* Recurring bilings is also a major problem of the e-payments

* They may also occur problem when using the e-payments systems

* Security concerns technological illiterace

These are the major most of the problems

Advantages of E-payments

* It saves time by using e-payments systems
* Reduces the day sales out standings
* It is more efficients
* It will reduces the cash and the cheques
* It is very easy to manage.
* More secure and reliable
* low risk to theft

These are some advantages of e-payments

Dis advantages of e-payments

* Due to e-payments technical problems will occur
* It cause password threats
* It cause cost of theft frauds
* Security concerns technological illiterace
* limitations an ammount and time
* It also cause disputed transactions

These are the some - dis advantages of e-payments.

K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

keys to improve e-payments systems

1. Simplify financial concepts with explanation videos
2. provide the wider range of payments Method possible
3. Dont require Site visitors to create an account
4. Set up recurring billings.
5. create a sure Secure online payments gate way
6. Accept crypto currency payments
7. Reduce the process held in e-payments
8. Use payments links
9. Create a fasten User experience
10. keep payments informations as Secure as possible
11. Avoid redirect during process
12. keep your information request minimal.

By doing all these above we can find an improvement.

K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

Analyzation of e-payments System.

By the Survey of this community Service project I observed that most of them are interested to use e-payments system now a days technology these e-payments system its saves our time in day to day lives

pie chart showing usage of e-payments respective to age

K. H. GOVERNMENT DEGREE COLLEGE : DHARMAVARAM

CHAPTER 4 : RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Conclusion :

I have concluded that e-payments systems of for a higher level of convenience for managing one's financial How ever it continue to present challenges of financial security and personnal privacy.

Since digital banking mint system is one of the major services offered by banks It is also a highly secure ultimately provides you security from online frauds and account banking but the major issue is that the technical issue occured by field transactions take atleast 3-5 days rather than the e-payments save time by improving same methods it will be more easy to manage

In conclusion e-payments have transformed our financial transactions offering and speed.

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: E - payments system

Detailed Report:

While I am surveing this project I visited all economic sections like lower middle class and upper class families after completed this survey I observed that there should be a one person in each family using the payments like phonepay Google Pay etc.

In families all the family members including childrens also using their transaction to make easy in ration medical shop etc.. they feel that the digital payments system safe because it can be saved each other history transactioned.

That's why they felt like that to be safe of them are feel that india become cash less economy in further standard at living.

WEEKLY REPORT

WEEK - 2 (From Dt..... to Dt.....)

Objective of the Activity Done: Awareness of E-payment

Detailed Report:

Methods at about E-payments

E-payment is Convienent and easy mode of payments due to this convience to payments to make everyone life easy because it takes less time to make transactions

I tried to mentor the people who doesn't knows about transactions process had to digital payments system after explained the process they felt 'some relief while expressing transaction while they don't in banks even for a little belief bet of amount should be waited for hours

Ideas to aware about and may be got in to about E-payments system.

ACTIVITY LOG FOR THE THIRD WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Discuss how to handle E-Payments		K. వెంకట రెడ్డి
Day - 2	Explain about hao to set Strong Password		S. వెంకటేష్
Day - 3	Explain about hao to secure money		G. Ravi
Day - 4	Explain about to transfer money to money with PhonePay		C. నాగరాజు
Day - 5	Explain about how do download invoice		P. రవి
Day - 6	mentoring about PhonePay advantages		S. సరోజమ్మ

WEEKLY REPORT

WEEK - 4 (From Dt..... to Dt .....)

Objective of the Activity Done:

Detailed Report:

E-payments are electronic payments enter the transfer of funds through electronic or digital medium you can choose from different e-payments methods like

(i) mobile wallets
(ii) Bank cards
(iii) mobile banking
(iv) phone pay
(v) google pay etc

But the major problem is only that it looks place among 3-5 days for refund the amount when the transaction being failed as the name implies e-payments includes all financial operation carried out with the help of electronic device such as computers smart phones or tablets that than that e-payments are very safe.

Survey on usage of e-Payment

Name Of the Student:	K. Dhanush	Roll Number:	23420041090505
Group:	B.COM (Computers)	Name of the Mentor:	S. Shamiulla
Respondent Details:		Date Of response:	
Name:	K. Radha Krishna	Gender:	Male
Education:	III	Date Of Birth/ Age:	11/06/1979
Profession:	Electrician	Marital Status	married

Respondent address:

D.No:	31/1079-2	Locality:	Teacher's colony	Village:	Dharmavaram
Mandal:	Dharmavaram	District:	Sri Sathya sai	Pin code:	515671

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

O) Very likely b)Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

Scanned with OKEN Scanner

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Éloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) Insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

Village:	Dharmavaram	Pin code:	515671

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

O) Very likely b)Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

Scanned with OKEN Scanner

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Éloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

CHAPTER 3 :

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages).

E-Payments systems

E-payments allows users to make Payments online also remove at any time. from anywhere in the world and also remove the need to go to banks. faster electronic Payments like virtual cards, empower business to improve security, visibility and efficiency all while lowering costs and saving time on manual process.

An e-payment account is a way to send and receive money online with out needing your credit or debit card details more people now use e-Payment companies because they can make it easier to transfer money and make purchases thus e-payments are safe to everyone's life.

Scanned with OKEN Scanner

Major Problems raised by E-Payments

* Technical integration online affected by technical disturbance.
* Risks involved in e-Payments conflicts stolen was Passwords, credentions and otherwise personal information.
* If the app is not updated then the security requirement of the app may not match with banks that may cause of technical error.
* Disconnected and for processes and transactions
* multi-currency transactions.
* limitations of amount transactions.
* A solvable yet common issue. Low internet band width is usually responsible for failed online payments
* Recurring billing is also a major problems
* the may also occur.

These are the major most of the problems.

Scanned with OKEN Scanner

Advantages of e-Payments Systems

* It saves time by using e-payment systems.
* Reduce the day sales outstanding.
* It is more efficients.
* It will reduces the cash and the cheques.
* It is very easy to mangge
* more secure and reliable
* has risk to theft.

These are same advantages of e-Payments

Dis-advantages of e-Payment System.

* Dué to e-payments technical problems will occur
* It course password threats.
* It causes cost of fraud
* Security concerns technological illiteracy
* limitations an amount and time
* It also course disputed transactions.

These are the some disadvantages of e-Payments.

Scanned with OKEN Scanner

Way to improve e-payment systems

* Simplify financial Concepts with explanation Videos.
* Provide the widest range of payment method possible
* Don't require site visitors to create an account
* set up reccuring billing.
* Create a sure secure online payment gate way
* Accept crypto currency Payment
* Reduce the process held in e-payments
* use payment links.
* Create a faster user experience
* Keep payment information as secure as possible
* Avoid redirects during process.
* Keep your information request minimal.

By doing all these above. we can find an improvement.

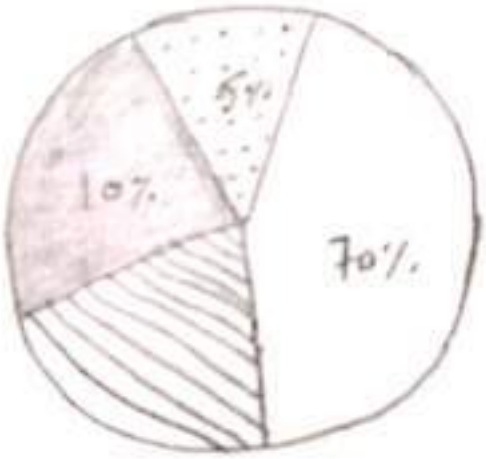
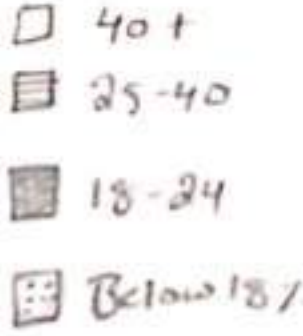
Analyzation of e-Payment System

By the survey of this community service project I observed that most of them are interested to use e-payment systems Now-a-days technology increases more and more rapidly by using these e-payment system it saves our time in day-to-day lives

Pie charts showing usage of e-payments respective to age





CHAPTER 4 : RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Conclusion :-

I have concluded that e-Payments systems of for a higher level of convenince for managing one's finance How ever, it continue to present challanges to financial security and Personal norivacy Privacy

Since digital banking system is one of the major services offered by banks it is also a highly secure ultimately provides you security from online frauds and account bankeing but the major issue is that the technical issue accurated by field transactions take atleast 3-5days rather than the e-Payments save time by imporing some methods it will be more easy to manage

In Conclusion e-Payments have transformed our financial transactions. offering and speed.

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: To collect data about child marriages

Detailed Report: In this first week, our mentor made a team with 4 members to do community service Poriect in our village Gaaladinne village which is under AnantPur (D), Andhra Pradesh we seleted topic "child marriges"

My first topic in the child marriages in our first question is what is your opinion on child marriage and why is it heppening That women answering my question, answer is child marriage is very wrong to marry girls at a young age. It is also a crime. I Condemen child marriage if the grils get married at the age of reading what will have to become house wifes and take the responsibilities of the house so child marriage is very wrong save the small children and girls is back bone the every home.

WEEKLY REPORT

WEEK - 5 (From Dt..... to Dt.....)

Objective of the Activity Done: child marriages then and Now

Detailed Report: This fifth week we conducted Survey in our village and asking few Questions to village my topic is in this week "Differences between child marriag Then and Now" That person tells some few information. Then child marriage was prevalent in ancient India during the Vedic period Girls as young as 8-10 years were married off to older men. The main reason wass to ensure the security of daughters and the continuity of lineage through sons. Now child marriage is as per the 1929 Act marriage at girls below The 14 years and boys below the age of 18 years was prohibited. This act was Amended in 1979 to increase the minimum age to 18 years for females, mals. 21 years for men's. But today on child marriages.

Scanned with OKEN Scanner

WEEKLY REPORT

WEEK – 6 (From Dt..... to Dt.....)

Objective of the Activity Done: Total information about child marriage

Detailed Report: In this week I choose some topic to ask villagers the topic is "do you as a mother how to feel on child marriages" and also women of those who have worked to prevent child marriage" and "government actions is after marriage girls life person answer is increase the population due to child marriage Contributes to higher total fertilty as women marriages Because child marriage Contributes to higher total fertility as women marrying earlier tend to both have children earlier and bear more children over their life time than if they had married later. AND Also So many leaders against child marriages. He was known for his efforts to abolish the practices of sati and child marriage "Raja, Rammohan Roy" and "Kandukuri Veeresa lingam Panthulu." the Government has enacted the (PCMA) 2006 for Protibition child marriage and for matters.

ACTIVITY LOG FOR THE FIRST WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Explain about how to use E-payments.		R. Vasu
Day - 2	Mentoring about transaction in phone pay		P. Sreedevi
Day - 3	Clarifying the doubt about E-paying		G. Lavya
Day - 4	Discussing about failed transaction		P. Shanya
Day - 5	Awarness about funds and frads.		B. Shanthi
Day - 6	Suggestion on refunds.		G. Indu

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: E- payments System.

Detailed Report:

while I am Surveing this project I visited all Economic Sections like lower middle class and upper class families after completed this Servey I observed that there Should be a one person in each family using the payments like phonepay Google pay etc

In families all the familymembers including childrens also using their transction to make easy in ration medical shop etc they feel that the digital payments System safe because it can be Saved each other history transactioned.

That's why they felt like that to be safe of them are feel that india became cash less economy in further standered of living.

ACTIVITY LOG FOR THE SECOND WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Explaining various payment methods		S.kour
Day - 2	Explain about help option in phonepay		
Day - 3	Discussing about Scan features in apps.		K.Vanathi
Day - 4	mentoring about the pintex payments in google pay		P.
Day - 5	Guiding the frauds awareness		G. Hariharan
Day - 6	Explaing about Insurence in p'pay		H.Raja

WEEKLY REPORT

WEEK - 2 (From Dt..... to Dt.....)

Objective of the Activity Done: Awareness of E Payment

Detailed Report:

Walk at about E-Payments.

E-payment is Convienent and easy mode of payments due to this Convience to make every one life easy because it takes less time to make transactions.

I tried to mentor the people who doesn't know about transactions proces had to digital payments System after Explined the proces they felt some relief while expresing transaction while they don't in banks even for a wittle belief bet of amount should be waited for hours.

Ideas to aware about and may be got in to about E-payments System.

ACTIVITY LOG FOR THE THIRD WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	Discuss how to handle E-pays		K. Ravi
Day -2	Explain about how to set strong pin.		V. Mahendra
Day -3	Explain about how to Secure money		S. Shafi
Day -4	Explain about to transfer money to money with phonepay		K. Eshwar
Day -5	Explain about how do download invoice.		B. Saikumar
Day -6	mentoring about phone pay advantages		P. Gayathri

WEEKLY REPORT

WEEK – 3 (From Dt _____ to Dt _____)

Objective of the Activity Done:
Detailed Report:
The E-payment are better then offline payments online wages are more prefected Considering the Case and Conviences there are only afew wage that allows you to another using offline methods most of the people prefers E-Payments now-a-days because this verry quick as well as easy you can transfer funds to makes a big transactors you can still make it with the help of online transactions allows Consumers to transfer abig amount of money. The feature of E-payments looks bright with the expected growth in the market such low payment for future years.

ACTIVITY LOG FOR THE FORTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Discussing about E-payment platform		B. Kotteeswari
Day - 2	Explaing about disadvantages		B. Venkatesh
Day - 3			
Day - 4			
Day - 5			
Day -6			

WEEKLY REPORT

WEEK - 4 (From Dt._____ to Dt._____)

Objective of the Activity Done:

Detailed Report:

E-Payments are electronic payment enter the transfer of funds through electronic or digital medium you can choose from different e-payment methods like

i) mobile wallets
ii) Bank cards
iii) mobile banking
iv) Phone pay
v) Google pay etc.

But the major problem is only that it takes place among 3-5 days for refund the amount when the transaction being failed as the name implies - epayments includes all financial operation carried out with the hope of electronic device such as Computer Smart payment are safe.

Socio economic survey

Survey on usage of e-Payment

Name Of the Student:	D. Lokesh	Roll Number:	5003
Group: B.COM (Computers)		Name of the Mentor:	B. Thriveni
Respondent Details:			
Name:	R. SamaSwathi	Date Of response:	
Education:	5th	Gender:	female
Profession:	Daily labour	Date Of Birth/ Age:	40
Respondent address:		Marital Status	Married
D.No:	12-40H	Locality:	Sai Nagar
Mandal:	DMM	District:	Sri Sathya Sai
		Village:	DMM
		Pin code:	515671

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

O) Very likely b)Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

Socio economic survey

Survey on usage of e-Payment

Name Of the Student:	D. Lokesh	Roll Number:	5003
Group:	B.COM (Computers)	Name of the Mentor:	B. Thriveni
Respondent Details:		Date Of response:	
Name:	S. kasim	Gender:	Male
Education:	12th	Date Of Birth/ Age:	26
Profession:	Daily labour	Marital Status	Unmarried
Respondent address:			
D.No:	12-1-106	Locality:	Sai Nagar
Village:	DMM	Mandal:	DMM
District:	Sri Sathya Sai	Pin code:	515671

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

O) Very likely b)Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times b) Few times c) very few d) Never

14. Is it easy to get the Money refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

CHAPTER - 3

REPORT OF THE PROJECT

WORK DONE

CHAPTER 3 :

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages).

E-Payments Systems.

E-payments allows users to make payments online also remove at any time from any where in the world and also remove the need togo banks faylery electronic payments like vitural roles. empower buisiness to improve Security. visibility and effeciency all while lowering cast and Solving time an Casual process.

An E-payments accounts is a way to Send and review money online without needing your credit or debit card details more people now use e-payments companies because they can make it easier to transfer money and make purchases these e-payments are Safe to every one's life.

Major Problems raised by e-payments.

- Technical integration online are affected by technical disturbance.
- Risks involved in E-payments Conflicts Stolen was passwords. Credentials and other personal information.
- If the app is not updated then the Security requirements of the app may not matter with banks that may cause a technical errors.
- Discounted and for processes and transactions.
- Multi-currency transactions.
- Limitations of amounts of transactions.

★. A Soluable yet common issue low internent and width is usually responsible for failled online payments.

★ Recurring bilings is also a major problem of the E-payments.

★ They may also occur problems when using the E-payments Systems.

★ Security Conuerns technological illiteraces. These are the major most of the problems.

Advantages of E-payments.

* It Saves times by using E-payments Systems.
* Reduces the days Sales out stundings
* It is more efficients.
* It will reduce the cash and the cheques
* It is very easy to manage.
* more Secure and reliable
* low risk to theift.

These are Some advantages of E-payments.

Dis-advantages of E-payments:-

* Due to E-payments technical problems will occur
* It cause password threats
* It cause cast at theft frauds.
* Security Concerns technological illiterater.
* limitations on amount and time.
* It also cause disputed transactions.

These are the Some - disadvantages of E-payments.

Ways to improve E-payments Systems

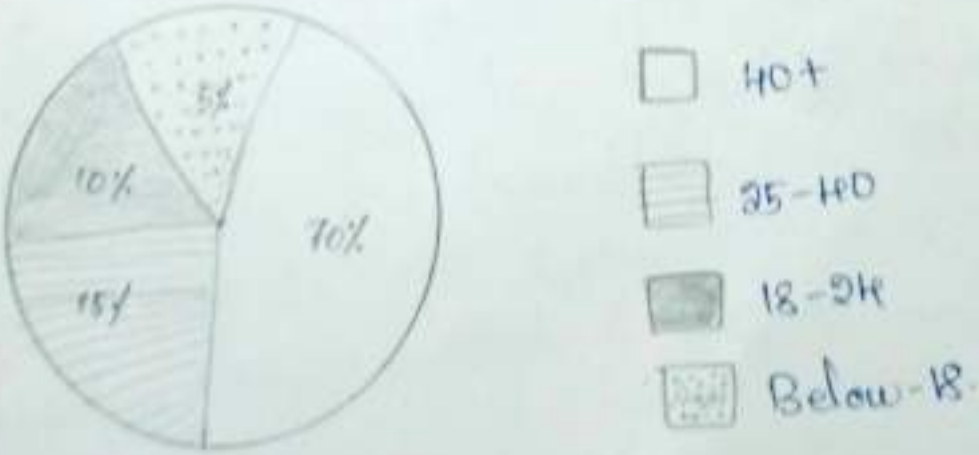
1. Simplify financial concepts with explanation videos.
2. Provide the wider range of payments method possible.
3. Don't require site visitors to create an account
4. Set up recurring billings.
5. Create a sure Secure online payments gateway.
6. Accept crypto currency payments.
7. Reduce the process held in e-payments
8. Use payments links.
9. Create a faster user experience
10. keep payments informations as Secure as possible.
11. Avoid redorect during process
12. keep your information request minuals.

By doing all these above we can find an improvement.

Analyzation of E-payments System:

By the Survey of this Community Service project I observed that most of them are interested to use e-payments System its Saves our time in day to day lifes.

Pie chart Showing usage of epayments respective to ages:-



CHAPTER 4 : RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Conclusion:-

I have concluded that e-payments Systems of for a higher level of Convinence for managing ones financials. How ever it continue to prevent challenges of financial Security and personal privacy. Since digital banking ment System is one of the major service offered by banks it is also a highig Secure ultimately provides you Security from online frods and account banking but the major issue is that the technical issue accured by field transaction takes at least 3-5 days rather than the E-payments Save time to improving Same methods it will be more easy to manage.

In Conclusion e-payments have transformed our financial transaction offering and Speed.

Bar graph showing how frequently do people use E-payments methods.

Usage.	Percentage
Daily	70%
weekly	15%
Monthly	10%
Not often	5%

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: To collect data about child marriages data.

Detailed Report: In this first week. our mentor made a team with 4 members to do community service project in our village. Gotluru village which is under sri sathya sai (Dist). Andhra pradesh we selected topic "child marriages":-

My first topic in the child marriages is our first question is what is your your opinion on child marriage and why is it happening. That woman answering my question. answer is child marriage is very wrong to marry girls at a young age. It is also a crime. I condemn child marriage if the girls get married at the age of reading what will be the life of the girls then they will have to become house wifes and take the responsibilities of the house so child marriage is very wrong. Save the small children and girls is Back bone the every home.

WEEKLY REPORT

WEEK – 4 (From Dt..... to Dt.....)

Objective of the Activity Done: why do parents do child marriages?

Detailed Report: This fourth week. what I pic my topic is "why do parents child marriages". That person tells about the. what they know the answer parents do child marriage in small age daughter or boy because that parents economic growth. hardship parents marry their daughters because they think it will protect them from increased or generalised violence, including sexual violence. Displacement breaks down social networks and protection systems, making girls more vulnerable to child marriage. child marriage is used as a weapon of war and to hide human trafficking and sexual abuse. Access to education is reduced, and schools and children may be targeted or recruited by armed actors.

WEEKLY REPORT

WEEK – 5 (From Dt..... to Dt.....)

Objective of the Activity Done: Child marriages then and Now!

Detailed Report: This Fifth week we conducted survey in our village and asking few questions to villagers. my topic is in this week "Differences between child marriages Then and Now:" That person tells some few information. Then child marriages was prevalent in ancient India during the vedic period. Girls as young as 8 -10 years were married off to 'older men: The main reason was to ensure the security of doughters and the continuity of lineage through sons. Now child marriages is as per the 1929 Act. Marriage at girls below the 14 years and boys below the age of 18 years was prohibited. This act was Amended in 1979 to increase the minimum age to 18 years for females, and 21 years for men But today on child marriage remains wide spread. with approximately one in five girls married in childhood.

Day - 4	Name of Those who lose worked to prevent child marriage	Research and collect the data from villagers	
Day - 5	How to Feel and stand against the injustices on this marriages	womens opinions In this situation	
Day - 6	"what intivative should the government show in this child marriages"	Information get the villagers.	

Scanned with OKEN Scanner

WEEKLY REPORT

WEEK – 6 (From Dt..... to Dt.....)

Objective of the Activity Done: Total information about child marriages"

Detailed Report: In this week I choose some topics to ask villagers the topic is "Do you as a mother how to feel on child marriages" and also "women of those who have worked to prevents child marriage" and "government actions" after marriage girls life." person answer is increase the population due to child marriages because child marriage contributes to higher total fertility as women marrying earlier tend to both have children earlier and bear more children over their life time than if they had married later. And also so many leaders against child marriages. He was known for his efforts to abolish the practices of sati and child marriage. "Raja Rammohan Roy" and "Kandukuri veeresa lingam panthulu". The Government has enacted the "prohibition of child marriage Act (PCMA), 2006". For prohibition of solemnisation of child marriages and for matters.

CHAPTER- 2

OVER VIEWOF THE

COMMUNITY

K. H. GOVERNMENT DEGREE COLLEGE :DHARMAVARAM

CHAPTER 2: OVERVIEW OF THE COMMUNITY

About the Community/Village/Habitation including historical profile of the community/habitation.

As human being we want to live in a clean and hygiene environment. In fact it is how we asscended in our journey to become civilized every time we wash our hand before meal or cover our mouth when coughing we act as responsible humans phi have respect for other people personal hygiene.

Sadly enough many among us don't share this awarness A lot of them need to be reminded of the importance of cleanliness poverty and economic ineguality are still a drag on humanity ever in 2018. A sizable perentage of human population mainly in developing nation. still lives in abject poverty. Cleanliness is nothing but a luxury for these hapless people.

CHAPTER - 3

REPORT OF THE PROJECT

WORK DONE

CHAPTER 3 :

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages).

1. Introduction

Health Definition

Health is defined as a state of complete physical mental and social being and not merely a absence of diseas of infirmity. physical health and mental are intrsed related Asan J mind in a sound body an old and appropiate saying for health.

A health human being has generally the following featured :

- A clear skin
- Bright clear eyes
- A body neighter too fat nor too him
- Fresh breath
- Gaod appetite
- Sound sleep

Hygiene Definition

Hygiene refers to conditions and pratices that helps to maintain health and prevent the spread of diseases medical hygience the here includes a specific set of pratices associated with this preservation of health.

Public HYGIENE

Sewage and chemical wate should not be released in to the wate bodies b sewage should be chemically threated first before wate bone diseas.

Immunization

Immunization and vaccination can prevet infacts diseases.

Personal hygiene

Take care of the skin keep your hands and nails, cleans wash your hair regulary, brush your teeth and gums atlh every meal, wash yo eg: daily with top wate nee must be cleaned at

daily with tap water nor must be cleaned at regular intervals never clean an ear with a sharp object - do physical exercise to keep the body muscles active take proper rest sleep for 6-8hr daily on should develop healthy habits.

Good Environment

- Maintain a good environment to prevent the spreading of disease due to the breading of mosquites house flies and micro organisms.
- Garbage should be kept in covered bins so that flies do not breed on them.
- Do not allow water to stagnate out side your house and in your neighbour hood all should also be covered. This with avoid breeing of mosquites.

Importance

- It improves personality
- It makes people admire at you
- Makes the environment clean.
- It helps to improve hygiene in you
- It enhances self discipline.
- you are the winner in the competitive work.

2. Objectives

- Define environment health
- List the various types of ecosystem
- Describe how trees effects the urban environment.
- Describe the relation ship of the env environment to human health.
- Explain how the ~~agro~~ agriculture provide goods and services.

Objectives of HYGIENE

Good Personal hygiene inoles keeping healthy all parts of the extent body clean and healthy It is important for maintaning both physical

and mental health in People with Poor Personal and hygiene health in people provides with Poor personal hygiene the body provides an ideal environment for gams to grow living it vulnerable to infection.

- To know how food preparation areas are kept free bacteria.
- Good personal hygiene.
- wearing protective cothing
- using detergents to wash up.
- sterilisation using high temperatures for gamme ways.
- Correct disposal of waste.

3. PRINCIPALS

It states that each point of the wave font is the source of the secondary wave lenght with spread out in all direction with the speed of wave so if we consider a point source, if will emit its wave font and nature of the wave front will be spherical one.

As per the huygine principle all the points on the wave front are going to become a secondary source. So the wave front will in the forward direction. All the secondary sources emit wavelets forgent drawn to all the wavelets is the new the new position of the wavelets is the new position of the from wave form.

This means that suppose you are standing on the mountain and through a stone in water from a height what do you observe? you see that stone in water strikes are seen surrounding that point Every point on the surface of water starts oscillating.

These ripples are nothing but the wave front the wave fronts gradully spread in all Direction. So at any point, we have wave coming.

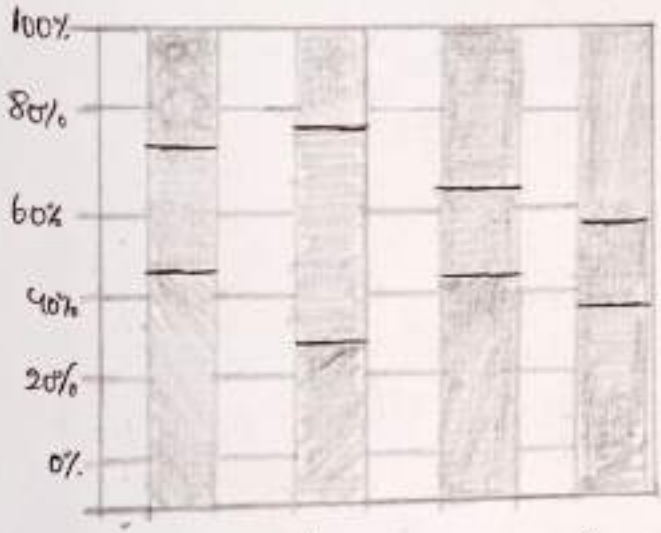
CHAPTER 4 : RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

METHODOLOGY

The health and hygine and demographical status is very important for assessing the characteristics of village (ward (Panchayithi The developing the country based on health facilites sorvey conducted at Dharmavaram families. In the village and calculated percentage their respective opion of providing facelities of gout. The following idea and project to know about status of health and hygiene 1st To study health and hygiene analysis by gout and To study status of requirement Produced by in the project. Using simple random sampling technique to collect the information about dharmavaram health Sri Sathya Sai (Dist) we digsign question. ba on provide by gout of AP A collect sample 40 house hold ion panchayit, dharmavaram, Sri Sathya Sai (Dist)

1. Exercise important to health

Health	Frequancy	Percentage
Food	32	80%
Bad	8	20%
total	40	100%



2. Do you maintain Porsonal hygine

Health	Freqeay	Porcentage
Good	22	60%
BAD	18	40%
Total	40	100%

Day - 6	Surveying the villagers	Data collection and analysis	

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: TO collect about child marriages

Detailed Report: In this first week our mentor made a team with 4 members to do Community service project in our village pothukunta village with Dharmavaram, Andhra pradesh. we selected topic child marriages.

My first topic in the child marriage is first question is what is your opinion on child marriage and why is it happening. That women answering my question answer is child marriage is very wrong to marry girls at a young age It is also a crime child marriage if the girls get married at the age of reading what will be the life of the girls then they will have to become housewife and take responsi-bilities of the house so child marriage is very wrong. So the save small children and girls is back of the every home. Marriage are bodies than to the your future life

ACTIVITY LOG FOR THE SECOND WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	CHILD marriage topic conducted Survey in village	Advices from the villagers	
Day - 2	Child marriages Conduct and Survey in the village people	Advices from their Opinions	
Day - 3	Child marriages present ideas	Advices from Village people	
Day - 4	Child marriages Children problems	village thought	
Day - 5	Child marriages How to stop	Villagers decisions	
Day - 6	Child marriages How to tell about the problems	Women think this Children	

Objective of the Activity Done: CHILD MARRIAGE parents

Detailed Report: My second week my topic is Any measures should be taken the prevent child meariage. That person turen to prevent child marriage. They have to change in Orders to change the farmers in their prevents. Try to full fill should be done if get they married eto an appropriate age. They get married have to suffer wordships at a yeany age. They have children at a yeany age eforeveres in Order to reduce the number of children especially parents should eclocate their children only if girll stody boys will decrase mo try. In their way of thinking they are ready to any child marriage happened around you to the proper authorities educate your friends, family and community about why child marriage is harmfull. Child marrigge is that any issue of their family and the girl.

ACTIVITY LOG FOR THE THIRD WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Children marriages their problems faced	Parents give the their answers	
Day - 2	Little girls faced many problems	women faced and tell their opinion	
Day - 3	Child marriages education problems	Children give the that Critical Situation	
Day - 4	How to stop child marriages	Advice their own Opinion	
Day - 5	why do parents child marriages	parents tell their own situation	
Day - 6	Child marriages that problems	Already marriages give the that problem	

WEEKLY REPORT

WEEK – 3 (From Dt..... to Dt.....)

Objective of the Activity Done: child marriages disadvantages

Detailed Report: what are the disadvantages of child marriages. This is the my topic in the third week in my village survey the person give answers

It negatively influences Children's rights education health and protection. These consequences impact not just the girl directly but also her family and community. A girl who married as a child is more likely to the out of the school and not earn money and contribute to the community she is more likely to experience she is more domestic violence and become infected with HIV/AIDS she is more likely to have children when she is still a child. There are more chances of her dying due to complications during she to complications during pregnancy and child birth. Nearly 16% adolscent girls aged 15-19 are currently married.

ACTIVITY LOG FOR THE FORTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Why parents do Child Marriages	Advices from parents	
Day - 2	Child marriages How to stop	Solutions from oldagers	
Day - 3	Why Should Children accept child	Opinions from Oldagers	
Day - 4	Why Can't Stop Parents this type of this marriages	Advices from villagers	
Day - 5	How to clear this topic in this Society	Their topics Speak Child marriages	
Day - 6	What Should we do Stop this marriage	Stopping this type of marriages points	

WEEKLY REPORT

WEEK - 4 (From Dt _____ to Dt _____)

Objective of the Activity Done: why do parents child marriage

Detailed Report: This fourth week what is pic my topic is why do parents child marriage. That person tells about the what they know the answer parents do boy become child marriage in small age daughter or boy because that parents marry their economic growth is low families see child marriage as a way to cope with growing economic hardship they think it will protect marry their daughters because they think it will protect them from increased or generalised violence including sexual violence. Displacement breaks down social networks and protection systems making girls more vulnerable to child marriage. child marriage is used as a weapon of war and to hide human trafficking and sexual abuse. Access to education is reduced and schools and children may be targeted or recruited by armed actors.

ACTIVITY LOG FOR THE FIFTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Difference between Child marriages now and then	Advices from villagers	
Day - 2	Tell about child marriages what you know	Information from women	
Day - 3	Survey Conduct on village	Advices from villagers	
Day - 4	Awareness on child marriages	Realition from villagers	
Day - 5	Why do Child marriages in your opinion	Tell what they know their opinion	
Day - 6	Conducting Survey Campaign in village	Support from villagers	

WEEKLY REPORT

WEEK - 5 (From Dt..... to Dt.....)

Objective of the Activity Done: child marriages then and now

Detailed Report: This fifth week we conducted survey in our village and asking few questions to villagers my topic is in this week differences between child marriages. Then and now that child marriages. That person tells some few information. Child marriages prevent in ancient India during the vedic period. girls as young as 8-10 years were married off to older men. The main reason was to ensure the security of daughters and the continuity of lineage through sons. now child marriages is as per the 1929 ab. marriage of girls below the 12 years and boys below the age of 18 years was prohibited this act was amended in 1979 to increase the minimum age to 18 years for females and 21 years for men. But today on child marriage remains widespread with approximately one in five girls married in childhood across the globe.

ACTIVITY LOG FOR THE SIXTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Do you as a mother how to feel on Child marriage	mothers discuss the their opinion	
Day - 2	Increase the population due to child marriages	suggestions for their advices	
Day - 3	Increase the population due to Child marriages	Advices from villagers	
Day - 4	Name of those who have worked to prevent child marriages	Research and collect the data from villages	
Day - 5	How to feel and Stand against the injuries on their marriage	Women opinion in this Situation	
Day - 6	what initiative Should the government Show in this Child marriages	information got the villages	

WEEKLY REPORT

WEEK - 6 (From Dt..... to Dt.....)

Objective of the Activity Done: Total information about child marriage

Detailed Report: In this week, I chose some topics to ask villagers the topic is Dowry or not and also some of those who have worked to prevent child marriage and government actions after marriage girls life person answer is income the population due to child marriages because child marriages contributes to higher total fatility as women marrying earlier tend to both have children earlier and wear more children over their life time than if they had married later And also so many leaders against child marriages. He was known for his efforts to abolish the practices of sati and child marriage Raja Rammohan Roy and kandukori veeresha lingam pantulu. The Govt has enacted the prohibition of child marriage Act (petn) 2006 for prohibition of solemnisation of child marriages and for matters.

ACKNOWLEDGEMENTS

The work presented in this project is all possible by the virtue of the support extend by many the people by I take this opportunity to extend my gratitude to every for theirs supports to me.

I would like to express my special thanks to the faculty guidance of Vidwan S. Shamiulla sir department of Telugu in K H Govt Degree College for his able guidance and support in completing my project

Finally. I thank my other faculty members my friends and family members who supported me to complete my community service project successfully.

CHAPTER - 1

EXECUTIVE SUMMARY

CHAPTER 1: EXECUTIVE SUMMARY

(The community service report shall have only a one-page of executive summary. It shall include a brief description of the Community service).

Community servie project include every student any servie activity any apply the ex

community servie project includes every student in communication development Community development any servie activities any applies the experiences to personal any acada-mic development Commcenity services over views the project it is means to talk the commcenity with the college for matual benafit.

A Community survicy is data collects it denotes the process of gathering information from members of particular group using an interview or a questionate.

A good survey will require only 10-15 minutes for people to share their process survey more diverse opinions into decision making proces.

CHAPTER- 2

OVER VIEWOF THE

COMMUNITY

CHAPTER 2: OVERVIEW OF THE COMMUNITY

About the Community/Village/Habitation including historical profile of the community/habitation.

I visited the community of Gita nagar village Dharmavaram Kothapeta, had communicated with the people of that town, some of them are interested in respond me and some were not interested to do the process and I focused the present which is already prepared. I had collected the data with people of Dharmavaram

while I am surveying this people their expressed opinions about. the e- payments which are playing a crucial role in our day to day lives. the people felt that the digital payment system or e-payment system are very helpful for their transactions where compared to the past.

WEEKLY REPORT

WEEK - 1 (From Dt..... to Dt.....)

Objective of the Activity Done: E - payments systems

Detailed Report:

while I am surveying this project I visited all economic sections like lower middle class and upper class families after completed this survey I observed that there should be a one person in each family using the payments like phone pay google pay etc..

In families all the families members including childrens also using their transaction to make easy in ration medical shop etc.. they feel that the digital payments system safe because it can be edited each others history transactions.

Thats why they felt like that to be safe of from our feel that india become cash less economy in further standard of living.

ACTIVITY LOG FOR THE SECOND WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Explaining Various Payment methods		
Day - 2	Explain about help option in phonepay		
Day - 3	Discussion about Scan feature in apps		
Day - 4	mentoring about the Process payments in google pay		
Day - 5	Guiding the track awareness		
Day -6	Explaining about Insurance in pay		

WEEKLY REPORT

WEEK - 2 (From Dt..... to Dt.....)

Objective of the Activity Done: Awareness of E-payment

Detailed Report:

Methode of about E-praymouts

E-paymouts is convienent and easy mode of payment due to the convience of payments to move every one like easy because it takes less time to make transcip

I tried to mentor the people who doesn't know about transactions proces had to digital paymouts system offes expraines the pricess they felt some velief while expressing transaction while they don't in bank even for a while they don't amount should be waited for hours.

Ideas to awarde about any may be get in to about E-praymouts system

Page No:

ACTIVITY LOG FOR THE THIRD WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	Discuss how to handle E - payments		D. Mahesh
Day - 2	Explain about how to set strong password		T. Chenna reddy
Day - 3	explain about how to secure money		S. Prasad
Day - 4	explain about to transfer money to money with phonepay		S. Santhosh
Day - 5	explain about how do download invoice		M. Muneeshwara
Day - 6	mentoring about phone pay advantages		K. Saradhamma

WEEKLY REPORT

WEEK - 3 (From Dt..... to Dt.....)

Objective of the Activity Done:
Detailed Report:
The E-payments are better than online payments online ways are more preferred considering the cost and convinent there are only a few ways that allows you to another using offline methods most of the people prefer E-payments now-a-days because it is very quick as well as easy you can transfer funds to make a big transaction you can still make it with the help of online transactions allows consumers to transfer a big amounts of money The future of E-payments looks bright with the expected growth in the market to increase by more than 80% in further years

WEEKLY REPORT

WEEK – 4 (From Dt..... to Dt.....)

Objective of the Activity Done:

Detailed Report:

E-payments are electronic payments enter the transfer of funds throughe electros or digital medium you can choose from different e-payments methods like

(i) mobile wallets
(ii) Bank cards
(iii) mobile banking
(iv) phone pay
(v) google pay etc...

But the major problem is only that it looks place among 3-5 days for refund the amount when the transaction beings failed as the name implies e-payments includes all financial operation carried out with the help of electronic devices such as computers smart phones or tablets mean that e-payments are very safe.

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

a) Very likely b)Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

Group:	B.COM (Computers)	Name of the Mentor:	S. Shamiulla

Respondent Details:

		Date Of response:	
Name:	S. Sujeeramma	Gender:	Female
Education:	10th Class	Date Of Birth/ Age:	48
Profession:	general store	Marital Status	married

Respondent address:

D.No:	1-32	Locality:	Kothapeta	Village:	Dharmavaram
Mandal:	Dharmavaram	District:	Sri Satyasai	Pin code:	515671

1. How do you come to know about e-Payment systems?

a) Social Media b) TV c) News Papers d) Family/ Friends

2. Which e-Payment system you use to perform transactions?

a) Online Banking b) Debit Card c) UPI d) Credit Card

3. How frequently do you use electronic payment methods?

a) Daily b) Weekly c) Monthly d) not often

4. What is your age group?

a) Under 18 b)18-24 c)25-40 d)40+

5. How likely are you to recommend your preferred electronic payment method to someone else

O) Very likely b)Somewhat c) Neutral d) Very unlikely

7. Which e-payment system do you consider the safest?

a) Credit Card b) UPI c) Debit Card d) Internet Banking

8. How secure do you feel when using electronic payment methods?

a) Very Secure b) Secure c) Not sure d) Not Secure

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure d) Difficult

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure d) Definitely not

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

9. Do you think e-Payment Systems are easy for old age people?

a) Very Easy b) Easy c) Not Sure ~~d) Difficult~~

10. Do you feel e-Payment Systems promotes safe and contactless transactions?

a) Definitely b) Probably c) Not sure ~~d) Definitely not~~

11. What motivates you to use electronic payment systems?

a) Convenience b) Cashbacks c) Speed d) Safety

12. Which Service do use frequently for e-Payment Systems?

a) Electricity Bills b) Recharge c) Shopping d) Online purchases

13. How many times you lost money using e-Payment Systems?

a) Many times. b) Few times c) very few d) Never

14. Is it easy to get the Eloney refund On failed Transactions in e-Payment Systems?

a) Very easy b) Easy c) Hard d) Very Complex

15. DO you think the refund process on failed transactions needs improvement?

a) Yes b) NO

16. How has your usage of cash changed since adopting electronic payments?

a) Greatly Reduced b) Reduced C) NO change d) Increased

17. How satisfied are you with the electronic payment options available in your locality?

a) Very satisfied b) Satisfied c) Neutral d) Dissatisfied

sage?

18. DO you think that having more merchants accept e-payments would influence your usage?

a) Definitely b) Probably c) Unsure d) Definitely not

19. How would you rate the security Of the electronic payment systems you use?

a) Very Secure b) Somewhat Secure c) Not Sure d) Insecure

20. Do you think electronic payment systems have made financial transactions easier for you?

a) Significantly b) Somewhat c) NO change d) Made more complicated

21. What are the major barriers Of Digital Transactions?

a) Security b) Technology c) Awareness d) no barriers

22. DO you believe that electronic payment systems are reliable?

a) Always reliable b) Sometimes reliable c) Rarely reliable d) Never Reliable

23. Do you foresee an increase Of electronic payment methods in the next year?

a) Definitely b) Probably c) Not sure d) Definitely not

24. Do you think use of e-payment Systems reduce the risk Of fake currency?

a) Definitely b) Probably c) Not sure d) Definitely not

25. Do you feel there is enough awareness about how to use electronic payment systems safely?

a) Definitely b) Probably c) Not sure d) Definitely not

CHAPTER - 3

REPORT OF THE PROJECT

WORK DONE

CHAPTER 3 :

Report of the mini-project work done in the related subject w.r.t the habitation/village.

(The Report shall be limited to 6 pages).

E - payment systems

E - payments allows users to make payments online also remove the need to go to banks. Faster electronic payments like virtual cards, empower business to improve security. visibility and efficiency all while lowering and saving time on manual process.

An e-payments account is a way to send and receive money online with out needing your credit or debit card details more people now use e-payments companies because they can make it easier to transfer money and make purchases this e-payments are safe to every one's life.

major problems raised by E-paymants

* Technical integration online affected by by technical disturbance.
* Risks involves in E-paymants conflicts stolen ugay passwords, credentions any other mean personal informations.
* If the app is not updaty then the security requirment of the app may not match with bank that may cause technical error.
* Disconnecty any for processes any transactions.
* multi - currenty transactions.
* Limitations of amount transactions.
* A solvable yet common issue - slow internet band width is usualy responsible for failed online paymens.
* Recurring billing is also a major problems
* It may also occur

These are the major most of the problems

Advantages of E-payments system

* It saves time by using E-Payment System
* Reduce the day sales outstanding.
* It is more efficients.
* It will reduce the cash and the cheques.
* It is very easy to manage.
* more secure and reliable.
* low risk to theft.

these are some advantages of E-payments

Dis-advantages of E-payment system.

* Due to E-payments technical problems will occur
* It course password threats.
* It causes cost of fraud
* security concerns technological illiterate.
* limitations an amount and time
* It also course dispointed transactions.

these are the same disadvantages of E-payment

Way to improve e-payments system

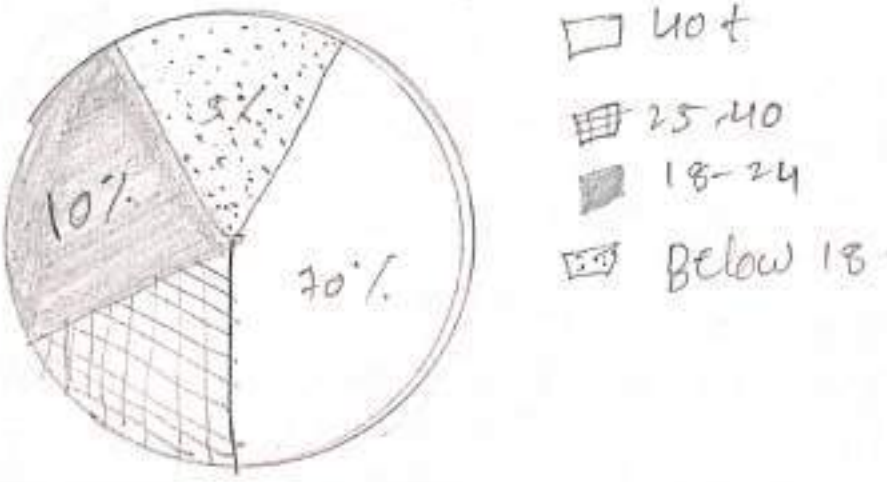
* Simplify financial concepts with explanation videos.
* provide the widest range of payments method possible.
* Don't require site visitors to create an account
* Set up recurring billing.
* Create a sare secure online payment gate way
* Accept crypto currency payment.
* Reduce the process held in e-payment
* use payment links.
* create a faster user experience
* Keep payment information as secure as possible
* Avoid redirects during process
* Keep your information request minimal

By doing all these above we can find an improvement.

Analyzation of e-payment system

By the survey of this community service project I observed that most of them are interested to use observed e payments system now-a-days technology increases more and more rapidy by using these e-payments system it saves our time in day-to-day lives

Pie charts showing usage of e-payments respective to age



CHAPTER 4 : RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

Conclusion:

I have concided that e- payments system of fer a higher level of convenice for managing one's finances How ever, it continue to present challenges to financial security any personal privacy.

single digital banking mene system is one of the major servies offered by banks it is also a highly secure ultimately provides you security from online frauds any account banking but the major issue is that the Rechiral issue arrises by field transactions take abreast 3-5 days prather than the e- payments save time by im proving some methods it will be more easy to manage.

In conclusion e- payments have transformed our financial transactions, offering any speed.
